Dear Craig,

I wanted to take this opportunity to express my thanks to you and your associates Repro Products for our successful purchase of a Xerox 6050 wide-format printer. We've been incredibly pleased with the machine's performance and printing quality. In fact, as I've said to you before, the 6050 is ten-times better than my previous machine.

More importantly, we have been equally as pleased with the service and support your company has provided throughout the entire process.

Sincerely,

Jim Piggott, Jr
